MESSAGE

I am delighted to learn that the Alumni Association of S.V. Agricultural College, Tirupati, is independently developing the website "SVAGAAT" without relying on external providers. This initiative reflects commendable dedication and resourcefulness. I am confident that the website will match, if not surpass, the quality of externally developed platforms.

An effective alumni website can significantly enhance fundraising efforts for scholarships, academic programs, and research opportunities. It serves as a vital link, connecting students with faculty and alumni, facilitating access to internships, mentorships, volunteer opportunities, and employment. Moreover, such a platform enables alumni to share their experiences and expertise with current students, fostering a supportive and collaborative community.

On this occasion, I wholeheartedly congratulate the Alumni Association of S.V. Agricultural College Tirupati, on launching the SVAGAAT website. I wish the association continued success in its future endeavours for the benefit of S.V. Agricultural College, Tirupati.

Sarada
(R. SARADA JAYALAKSHMI DEVI)
